

Trapper Leaf

Expanding Shaft

Coreless winding made easy

An exceptionally easy-to-use air shaft, Converttech's Trapper Leaf Shaft is designed to ensure precise concentricity and perfect rolls every time. Manufactured with the highest quality anodized aluminum leaves, Converttech's Trapper Leaf Shaft provides uniform expansion and a non-damaging yet firm grip for coreless applications. Using a single fixed gripper leaf to tightly hold the leading edge of your web material, Converttech's Trapper Leaf Shaft is also very easy to operate and release. Available with either flanged or lift out mountings, 1 inch to 16 inch diameters, and

Trapper Leaf Shafts:

- 1" to 16" diameters
