

High Torque Chuck

Mechanical Chuck

Increased productivity at higher speeds

Exceptional for heavy-duty applications Convertech's Mechanical high torque chuck is built to take the heat. Wide footprint lugs and a tight grip ensure maximum reliability and a consistent grip at high speeds. Converters will save time and money with improved splice reliability and repeated use of undamaged cores. Convertech's Mechanical high torque chuck is perfectly suited for shaftless braked rewind and unwind stands. Standard sizes include a range from 3 inches to 10 inch core diameters.

Mechanical High Torque Chucks:

- 3" to 10" diameters
- For braked shaftless unwinds
- Heavy rolls
- Bi-directional
- High-torque
- Adapters available
- Concentric expansion
